**Dear Prospective Parents,**

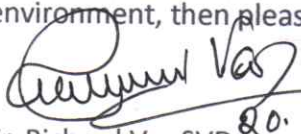

Thanks for visiting our school website and showing interest in Saint Arnold's HS School. I cordially invite you to step into this resplendent school campus along with your ward to have a feel for the school and also avail the opportunity to ask any questions directly. I am pretty sure that the school website might have given you some insight into life at Saint Arnold's HS School.

I have been the Manager/Administrator since 2017 and I am delighted to share that with an outstanding growth still continuing to being one of the best Schools in the City of Bhubaneswar. We at Arnold's are driven by our vision "**Academic excellence and integrity**" that stimulates us to provide education that is grounded in our values and traditions, contemporary and holistic, preparing our students for now and beyond. To achieve this goal, we have devised well-balanced curriculum, facilities that nurture not only academic areas but co-curricular areas too. We are totally aligned with the NEP policies and prepare students with the present day curriculum developing their communication skills ready to represent in any corner of the world. This vision of the school is carried out in an eco-friendly environment; green, safe, spacious, and well-organized infrastructure that ensures effective space for proper students' learning and growth. We have smart classrooms for interactive digital learning, spacious classrooms (1:40 ratio), and well equipped labs: AI, ATL, computer science etc.

Nonetheless, there is far more to Saint Arnold's School than just academic standards and results. Our sporting achievements are impressive as we nurture and train our students in various sports, games, art & music with State-of-art sports facilities & open Gym for holistic development.

To keep perfect pace with the world, the school too has adopted a new culture of collaboration, co-operation and understanding between management, staff, parents and the community people that augments the development of the school. Today we are perfectly linked with parents and the community through social media, print media, website, etc. Everyday spiritual and motivational thoughts are sent to the parents for their nourishment. The management through restructuring the staff is now gifted with most certified and experienced teachers who are multi-talented to nurture every potential of the child at Arnold's to be better human person and accomplish bright career.

I encourage you to look carefully at the Home Page and at other sections of the website when making your decision about application. If you know that you can support our school and its ethos, and you want your child to receive a very good education in a safe and happy environment, then please apply to "unleash your child's talent".
